The event was managed, and coordinated by the Sisters, Teachers and Students. The team came together under the guidance of the poised leadership of Principal Sr. Jarsi and Vice Principal Sr. Rosamma to put forth the final master piece before the audiences. The theme of the Event was ' The Caravan- A Tapestry of Golden Footprints . ' It envisioned to pay homage to the truism ' Old is Gold ' . It's words flowed through the pens of our Middle School Teachers giving it a rare quality, that of originality.

The event was an elaborate skit interspersed with songs and dances. A fine commingling of Art , Culture, Rhythm, Women and Men who forged grit and determination to stand apart and leave an indelible mark on our social fabric. From Venerable Nano Nagle, Hindu Sage Gargi, Rupa Bhavani, Ghalib, Raj Begum , Noor Jahan, Sunita Williams to the commendable Harsh Mander all were tied through a common thread and a story was woven to make the audiences travel back in time and guide them into the present as well. The event aimed to bring students together to realize the ethos of NEP 2020 , to instill values in them which they will pass onto the posterity. The school believed in the extra-ordinary power of every single child and make their sweat speak volumes about what lies beyond the textbook. The school proudly crowns each and every student of the Middle Wing with the stupendous success of the Event.
