

Science Model Exhibition at SKICC, Srinagar

The Chinara Book Festival was successfully inaugurated at SKICC, Srinagar on 2nd August 2025, by the LG Manoj Sinha and Hon'ble Union Minister of Education, Shri Dharmendra Pradhan who served as the chief guest. Students from different schools participated enthusiastically, presenting a wide array of innovative science projects and working models. The themes ranged from renewable energy, robotics, water conservation, AI, climate change, and smart agriculture to space science and sustainable development.

The exhibition witnessed active participation from students across various schools like DPS SRINAGAR, GHSS AMIRA KADAL, GHSS KOTHIBAGH, GHSS SOURA, G.D. GOENKA, ARMY GOODWILL SCHOOL, R.P SCHOOL, GREEN VALLEY and many more. On 1st August, 14 students from our school along with their 8 projects left to give a demonstration at Kothibagh. Out of eight projects, 6 projects from our school were selected by the Chief Education Officer. The selected projects included a Sewage Treatment Plant, Stick for the Visually Impaired, Voice Detector Wheelchair, Smart Dustbin, Carbon Absorber, and a creative display of the Pythagoras Theorem. . The students from Presentation Convent Higher Secondary School, displayed their talent and innovation through thought-provoking science models.

Shri Dharmendra Pradhan interacted with the students, appreciated their efforts, and highlighted the significance of scientific innovation in nation-building. He encouraged students to continue exploring science and technology with a spirit of curiosity and responsibility. The event left a lasting impression on everyone present and served as a great motivation for students to further explore the wonders of science.
